

Meet the Coins!

Say each coin name and how much it is worth. Then color the coins!

Penny

= 1¢ (1 cent)

Color: brown

Nickel

= 5¢ (5 cents)

Color: silver

Dime

= 10¢ (10 cents)

Color: silver

Quarter

= 25¢ (25 cents)

Color: silver

The dime is the SMALLEST coin, but it is worth MORE than a penny or a nickel. Small but mighty!

Coin pictures are simple drawings, sized to match each other, not real size.

Coin Match

Draw a line from each coin to how much it is worth.

10¢

25¢

1¢

5¢

Not sure? Look back at the Meet the Coins page. Say the name, then find the value!
